

Due to the amount of calls we receive for inquiries in getting financial assistance from the state of Delaware to repair failing septic system/removal of cesspools we are providing the information below:

**Gill Septic is not affiliated with this information or with the State of Delaware. We are providing it to you for your information purposes only. Any questions or concerns regarding the loan process please contact the agency in your area below:

Delaware Septic Rehabilitation Loan Program

The Septic Rehabilitation Loan Program provides low-interest financing to replace failing septic systems and cesspools with on-site wastewater disposal systems that will function in an environmentally sound and cost effective manner. The program also provides funding for new septic construction and costs associated with connecting to central sewer systems. Including:

- Site evaluation
- Septic system design
- Permits
- Construction costs
- Closing and recording charges

[Eligible Applicants](#)
